

Geräteschalter Switch for appliances

Typschlüssel / *Type reference*

Die Produkte sind nur mit der Haupttypbezeichnung "MS" gekennzeichnet
The products are only marked with the main type reference "MS"

Place- holder	MS	085	05	□□	F□□□	□□	□
	1	2	3	4	5	6	7

- 1 MS - stands for: MS Series
- 2 085 - stands for: -25°C to +85°C operating temperature
- 3 05 - stands for: 5 Amp Current Rating - 125/250VAC
- 4 Stands for: Pressing Handle (actuator)

Code	Drawing	Remark
00		No pressing handle
01		Straight handle, length: < 17mm
02		Straight handle, length: 17-24mm
03		Straight handle, length: 24-40mm
04		Bent handle with head
05		Handle with wheel

- 5 Stands for: Operating Force, last 3 digits indicate force. Force range is 20 - 250 grams.

6 Stands for: Terminal Type

Code	Drawing	Terminal
S1		solder terminal
C1		110 terminal
P1		PCB terminal

7 Stands for: Circuit Type

Code	Drawing	Circuit
A		three terminals, single pole, double throw
C		two terminals, single pole, single throw, normally open
