E  **SWITCH**®

E-SWITCH®

PVP SERIES SOCKET

Four important features and benefits of this extension:

VALUE ADD

The plug or socket extension is used in conjunction with the PV Series of anti-vandal switches.

EASY INSTALLATION

Socket extension with 22AWG 140mm long wire leads, or solder lug style termination.

FIND THE RIGHT FIT FOR YOU

Socket extensions are ordered separately from the PV Series anti-vandal switch.

SEAMLESS PURCHASING

Ordering code will match circuit and illumination requirements (SPDT or DPDT; LED, RGB or non-illuminated).
